==== Key Findings =====

1. Overall survival rate: 38.38%
2. Female survival rate: 74.20%
3. Male survival rate: 18.89%
4. 1st class survival rate: 62.96%
5. 3rd class survival rate: 24.24%
6. Children (<10) had higher survival rates than adults
7. Higher fare passengers had better survival chances
8. Passengers with 1-3 family members had highest survival rates
